

One Miracle, One Savior

*A 31-Day Devotional Journey of
Miracles Around the World*

A BRIEF HISTORY OF MIRACLES

The history of the miracles published in *One Miracle, One Savior* flows with the thread of redemption. It begins with the establishment of Calvary International as a vessel of hope and salvation to a lost world and continues today in the lives of our Go To Nations missionaries. Salvation - our greatest miracle - healing, deliverance, financial provision, divine favor, restored lives and families, protection, even resurrection - these miracles flow through the lives of our missionaries as they bring hope to a lost and hurting world.

- 1981** † **Redeemed to Pray** Being redeemed to a life of sharing the Gospel of Jesus Christ, Daniel and Sharon Williams founded Calvary International through prayer to reach nations through missionaries.
- 1983** † **Redeemed to Life** George and Janet Meyers reached the traditional African religion population through development projects in Africa, a volatile region in the 10/40 window where their very lives were threatened.
- 1985** † **Redeemed to Salvation** In our first region, Latin America, Jerry Williamson founded Bible Schools, training local leaders to reach the unreached and to believe for miracles among their own people.
- 1993** † **Redeemed to Heal** In the early years of outreach in Eurasia, Tim Lovelace traveled to cell churches throughout Russia, preaching the word, amazed as God orchestrated key miracles in peoples' lives.
- 2000** † **Redeemed to Prosper** Moving to Jacksonville, Florida, to lead the missionary team from World Headquarters under President Jerry Williamson, Nancy Lovelace shares God's journey to full provision.
- 2010** † **Redeemed to Serve** Calvary International becomes Go To Nations to better communicate our calling and purpose.
- 2012** † **Redeemed to Change Nations** During a leadership conference in the Philippines, the native churches catch the Great Commission vision for Asia-Pacific, igniting a national missions movement.
- 2013** † **Redeemed to Freedom** Reaching the unreached children of Burkina Faso, Joel and Heidi Hayslip tell how obedience to the call of Christ saves an African woman and her children from suicide's ravages.
- PRESENT DAY** † **Redeemed to Love** Candy and Wyly Gammon train children's ministers and educate the poorest children of Latin America, bringing hope, and releasing the "unseen" into their destinies.

INTRODUCTION

*“...Do not fear, for I have redeemed you; I have summoned you by name; you are mine.”
Isaiah 43:INIV*

We invite you to walk with us for 31-days of amazing testimonies of Christ’s redemptive power poured out through the decades as Go To Nations’ missionaries carry out God’s purposes in the earth. Each day, as you pray, you will see God release a harvest of breakthroughs and miracles not only in the lives of our missionaries but, also, in your own. Pray expecting miracles.

For over thirty-three years, we have been set apart as a ministry that has been “called” to share One Gospel with the nations. Our Global Prayer Initiatives have certainly planted many seeds of faith for miracles. My story, as Vice President of Mobilization, is to publish His story to mobilize the body of Christ for their role in the Great Commission. And as our president, Dr. Jerry Williamson, clearly states in his most recent book, *The Pulse of a Nation*, it is a “call” to every believer. The beauty of my missionary ministry, at the World Headquarters, is that I see the name of Jesus cross my desk everyday. To be serving together with One Team of committed believers is, in itself, a miracle and a story for another book.

We want to thank Global Prayer Director, Deborah Barnes, as this book of miracles became a labor of love and answer to her own prayers. The last week of January 2014, she heard, “Pray around the world...and the walls will come tumbling down” as God spoke to her heart during prayer for the Go To Nations’ solemn fast for “breakthrough.” She and her husband, Frank, felt their hearts soar as the Holy Spirit showed them that the Father was releasing “deliverance, liberty, breakthroughs and miracles” to various regions. Also, we thank Tracy Aiello for untold hours of design to present our story with beauty. Lastly, we thank our missionaries for their sacrificial service and prompt responding with their testimonies. And special thanks to Kim Whitlock, Janet Meyers, and Elizabeth Ott for assisting us in the process.

When we seed into the nations in prayer, we reap a harvest in our own lives. We pray that these miracle testimonies ignite faith in God’s desire and ability to meet your needs, in Jesus’ name.

As our call to the Great Commission is to pray, send, or go, we ask you to seed into the harvest with your prayers and financial support expecting miraculous results. And if God summons you by name and says, “Go,” then don’t be afraid, just go. We are here to serve you as you go.

Day 1 † Baby Swetha's Miracle Rescue

Bob and Kim Whitlock 2012 - Sindoni, India It was another in a long line of hot, humid evenings, and we were on a medical mission in a tribal village in Northern India. The host pastor introduced us to a young couple. A year earlier, Ranjit and Preeti were led to Christ by our evangelism team and began attending the church our ministry had built in a tribal village nearby. The only believers in their tiny village, they had suffered persecution from their neighbors.

One day news spread that a young village woman had given birth. Soon, joy in the village turned to sadness—the baby was a girl. This child was the firstborn, so they had wanted a boy, as did all families in India. The young couple could not afford to feed an unwanted child. They would do what many had done—cast her into the river and try again for a male baby.

Upon hearing this news, Ranjit and Preeti ran to the young couple's hut. They told the new parents that they would take the child and raise her as their own. They begged the couple not to kill their newborn infant. The couple was shocked. Ranjit and Preeti, too, were very poor and had five children of their own to feed. Preeti explained that Jesus teaches that all life is precious, and they would love the child as Jesus loves them. The couple shook their heads, placed the baby in Preeti's arms, and told them to leave.

The evening of our medical mission, Baby Swetha was sleeping peacefully at the entrance to the church. The Gospel of Jesus Christ has the power to save lives of little Indian baby girls.

"In the same way, faith by itself, if it is not accompanied by action, is dead." James 2:17 NLT

Pray for persecuted Christians around the world that their faith may remain strong as a shining light for Christ's love in their communities.

Thank the Father for the precious gift of life He has given as He ransoms the lost, abused, poor, and unwanted from the power of death.

Day 2 † Escape from Tonj

Janet Meyers 1983 - Tonj, Sudan Having evacuated our team of missionaries to safety at the direction of our international leadership, George and I had stayed behind in the village of Tonj in the southern Sudan to assess the situation. Winds of another civil war were blowing in August of 1983. The pro-Christian rebels in the south were suspicious that the United States was providing weapons to the northern Sudanese, so Americans were suddenly suspect. Our construction supervisor bicycled 26 miles from his outpost in Thiet at the break of dawn to warn us that the rebels had taken over the outpost and had plans to kill George and a government official from Khartoum stationed in Tonj. What news to get before breakfast!

We packed our Jeep and pickup, prepared and paid out payroll for 200-plus project workers we owed, and took the back road to leave town, all by noon! We headed west to avoid impassable roads to the capital; we slid over muddy paths, forged rivers with our vehicles on pontoon boats made from 55-gallon-drums; and slept in missions, churches and under a building overhang. It was beastly hot in summer, and I blistered my hands on the steering wheel during the several-day trip. Ultimately, six days later we made it to safety, exhausted but alive.

We learned that the government official from Khartoum, who was not forewarned, was killed by rebels and his house burned down around him that night. We were thankful to God for favor and protection as we fled the 22-year civil war that ended in a cease-fire in 2003.

“For I am convinced that neither death, nor life, nor angels, nor principalities, nor things present, nor things to come, nor powers, nor height, nor depth, nor any other created thing, will be able to separate us from the love of God, which is in Christ Jesus our Lord.”

Romans 8: 38-39 NASB

Pray for the safety and health of missionaries across the globe.

Pray for favor with national and local governments and national church leadership for missionaries.

Pray for wisdom and favor as missionaries risk their lives for the Gospel every day.

Day 3 † Divine Guidance in Uncertain Times

Janet Meyers 1983 - Juba, Sudan It was August of 1983 and civil war was erupting again in Sudan. George and I had left the village of Tonj hurriedly after we were forewarned that the rebel army planned to kill us for being possible American “informants.” Traveling in separate vehicles, heading by a circuitous route for Juba, the capital of the South, we prayed for guidance during our six-day journey of escape, wondering what God had planned for our next assignment.

We had been in Juba for only a few days when the mailbag that came by air from Kenya brought a letter for George from his former professor at Oregon State University, Dr. Ray Kliewer. He had left OSU and taken a position at the Holstein Cattle Association in Brattleboro, Vermont. When he got permission to hire another person for the department, he told Marian (his wife) that he really wanted George Meyers. She said, “Now Ray, don’t distract George from his important work for the Lord.” He told her that he would at least send us a letter to let us know there was an opening in the department.

Dr. Kliewer’s letter seemed like a communiqué straight from Father God! Without knowing details of the assignment or salary, George accepted the position. We traveled back to Oregon, moved our belongings to Vermont, and spent five years with the Holstein Association. George traveled about 60% of the time to foreign countries, including an extensive project with both beef and dairy national programs in Hungary. When possible, he used his influence for Kingdom ministry purposes. We were thankful for God’s hand of guidance at a time of uncertainty in our lives.

“And the Lord will continually guide you, and satisfy your desire in scorched places, and give strength to your bones...”

Isaiah 58:II NASB

Pray for God’s hand of guidance on missionaries as they seek to follow His plan for their lives.

How might we support a missionary in completing his/her assignment from the Father?

Praise God for divine provision and guidance for his laborers in the harvest.

Day 4 † José and the Miracle Baby

Dr. Jerry Williamson 1981 - Quito, Ecuador José Mocha was a Quichua Indian from the Andes Mountains of Ecuador who enrolled as a student in our Bible School in Quito. One day after a class on Divine Healing, José approached his teacher and invited him to his town to conduct a healing service. He agreed to come, but he didn't write down the date on his calendar and forgot about it. On the night of the healing meeting, the building was packed with people. After 45 minutes of worship, José instructed the worship team to keep playing and singing, hoping his teacher would show up.

Meanwhile, a Quichua Indian woman was making her way down the side of the mountain with her baby nestled in a shawl on her back in traditional style. She lost her footing and tumbled down the side of the mountain, crushing and killing her baby in the fall. Hearing music in town, she made her way to the building. She walked down the center aisle and stood in front of the platform with the small, lifeless body hanging over her arms.

José thought to himself, "What am I going to do?" Then God spoke to him, "I am the same God that is on the inside of you as the God who dwells in your teacher." A boldness came on José as he started commanding life to come back into the baby's body. The baby, once lifeless, began moving and everyone realized that God had raised the baby from the dead. The building exploded with people jumping up and down, crying out to God. Several other healing miracles took place that night. After Bible School, José traveled the mountainsides of Ecuador for many years preaching the Word of God, praying for the sick, and leading many to Christ.

"Then he stretched himself upon the child three times, and called to the Lord and said, 'O Lord, my God, I pray You, let this child's life return to him.' The Lord heard the voice of Elijah, and the life of the child returned to him and he revived." 1 Kings 17: 21-22 NASB

Pray for many first generation Christians to impact their people groups powerfully for Christ.

Pray for indigenous missionary work around the world, that many tribes will hear the good news of salvation and see God work mightily in their midst.

Day 5 † Another Day in God's Kingdom

Dr. Jerry Williamson - Quito, Ecuador In downtown Quito, Ecuador, I was standing on the sidewalk of a heavily traveled street with another missionary trying to flag down a taxi. An elderly lady was a few yards away waiting for an opportunity to cross the intersection. Standing too close to the edge of the sidewalk, the woman lost her balance and fell off the curb, stepping directly into the path of the on-coming traffic. A large truck with a big cattle guard on the front of it slammed into her, driving her body 60 feet down the street while creating a horrid crushing sound that I never want to hear again.

We ran up to her still, lifeless body lying in the street. We started praying, laying our hands on her, commanding life into her body in Jesus' name. After a couple of minutes of praying, blood started shooting out of the top of her head with every beat of her heart. She was ALIVE! The other missionary placed his hand over the cut on the woman's head where the blood was shooting out and as we prayed the bleeding stopped.

The woman started to gain consciousness as the police arrived. After a few minutes, the woman stood up and started brushing off her clothes. Then the police quickly took her away. We stood there for a moment looking at each other totally amazed. Did this really happen? We witnessed an elderly lady be crushed by a cattle truck, be raised from the dead by the power of God, and then walk under her own power to get into a police car and be taken away! Wow—just another day in the Kingdom for God's children.

“The Spirit of God, Who raised Jesus from the dead, lives in you. And just as God raised Christ Jesus from the dead, He will give life to your mortal bodies by this same Spirit living within you.”

Romans 8:II NLT

Pray for boldness for missionaries to reach out as God's hand of restoration to meet the need of the moment.

Pray for our missionaries to be a light in the marketplace as they reach out in compassion to meet needs.

Day 6 † Healed by Revelation

Dr. Jerry Williamson - Unknown Mountain Town, Mexico

In a small town in the mountains of Mexico, I was preaching on “Sonship” to about 400 people packed into a small village church. I was unaware of the desperation of a young couple in their late twenties who had four small children. They had just returned from the city. The wife had a terminal case of breast cancer, and her breasts were swollen to three times their normal size. The city doctors had wrapped a foot-wide cloth around her chest section several times and told the husband to take his wife back to the village to die.

As I preached on Sonship, the wife listened intently. I spoke about how we are now God’s own children, and that He loves us even more than we can love our own natural children. I spoke about how we are now redeemed from the curse of the law of sin and death and that as the children of God, we have been set free from sin, sickness, and disease.

Suddenly, the cancer-ridden young woman stood to her feet. I stopped preaching and the congregation became stone-silent. As she looked upward, she said, “Until now, I never saw myself as the child of God.” As she said that, she lifted her hands up and a shaft of light seemed to surround the young woman. Before our eyes, her swelling started shrinking. She reached under her poncho, removed the doctor’s cloth and started waving it back and forth while shouting, “I am healed! I am healed!” The whole place erupted into spontaneous worship and celebration. That one, simple revelation—that we are the children of God—released the miracle-working power of God in that young woman’s life.

“For every child of God defeats this evil world, and we achieve this victory through our faith.”

1 John 5:4 NLT

Pray that many receive all the Father has for them as He reveals His endless love and grace.

Pray for laborers to be sent into the harvest fields to preach the Good News to all the world.

Pray for miracles, signs and wonders to follow the preaching of the Word of God in the nations.

Day 7 † A Double Resurrection

Frank and Deborah Barnes 1984 - Denver, Colorado The Cheyenne, Wyoming, military doctor spoke to Rev. Fair privately about my condition. “You will never see him alive again. We could have medevaced him, but he won’t make it to Denver alive anyway,” he said. The doctors figured an aneurism was giving me stroke symptoms at 30 years old. I made peace with God while Debbie prayed quietly in the ambulance. By the time I arrived in Denver, the headache was lighter, and by evening the doctors were completely baffled. Symptoms had disappeared. Tests showed nothing wrong.

My faith was flying high. I spent the week in Denver praying for everyone I saw in the medical center hallways. One man told me the doctors couldn’t find his basketball-sized tumor after prayer.

Midweek, the man across the hallway crashed suddenly. The medical team rushed to revive him, without success. As they left the room, the Holy Spirit whispered to me, “Remember Lazarus.” I extended my hand toward his room, and for the first time, felt a raw energy surging down my arm. It reminded me of Yoda in *Star Wars*. Then, I heard voices start screaming in my ears, “No, he’s ours!” For several minutes the demons raged at me, but I continued to pray until the anointing lifted. Debbie arrived for her daily visit and I told her the story just in time to see the family of the man come to pay their last respects. They walked into his room together, weeping, and in seconds were screaming for the nurses. He had a pulse! He was breathing! The team rushed him to ICU. A lifetime of healing ministry began with this “double resurrection”—a stranger’s, and my own.

“Jesus told them, ‘Go back to John and tell him what you have heard and seen—the blind see, the lame walk, the lepers are cured, the deaf hear, the dead are raised to life, and the Good News is being preached to the poor.’” Matthew II: 4-5 NLT

Pray for many souls to be ripped from the gates of Hell as missionaries share God’s Good News of Christ with them.

Pray for Jesus Christ, our source of life, to be lifted high in the lives of missionaries everywhere.

Pray for healings and miracles to be released in the ministries of missionaries in every region of the world.

Day 8 † The Mercy of God

Tim Lovelace 1993 - Tuman, Russia The January blizzard delayed the regular trains so Pete, Rosie, and I found an electric “factor” train to get us to Tuman, Russia in time to minister. Emil, my training interpreter from Ufa, would meet us there. We rode all night in a bench seat with no heat but were determined that nothing would stop us. Just short of our destination the train stopped. There had been an asbestos mine accident and the train track was closed. We grabbed the next bus. With the help of a local man, who could have been an angel sent to help us, the bus dropped us exactly in front of our host family’s building in the next town.

After the cell meeting where I preached on “the mercy of God,” a couple asked for prayer for the miner-husband who was dying of asbestos-related cancer and diseases. I did not want to pray for “a healing” request because my own daughter hadn’t been healed immediately when I prayed for her seizures, but Emil corrected me. After prayer, the couple left smiling, but I had seen “nothing” change for them. A few months later, when I visited Tuman again, the cell-group couple ran to see me before I left town. When they caught their breath, they explained that the husband was totally healed and back at work! His doctors were shocked that they could find nothing wrong with the man. His testimony had spread throughout the mine, and many people had been touched. Emil looked at me, and we all cried together as we praised God for His faithfulness.

“But you, O Lord, are a God of compassion and mercy, slow to get angry and filled with unfailing love and faithfulness.” Psalm 86:15 NLT

Pray that God’s mercy pours out with healing for the masses as missionaries “go” in obedience.

Pray for many divine appointments as our missionaries reach out in compassion.

Pray for God’s hand of protection to surround missionaries as they travel in their harvest fields.

Day 9 † Divine Hand of Guidance

Nancy Lovelace 1998 - Kantamiravskaya, Russia We moved to Russia in October of 1993, eight months after our daughter was diagnosed with epilepsy. We were heartbroken because our once-happy child was groggy from adult levels of medication and wasn't adjusting well to her new country and school. She was suffering. We were obedient to our call to missions, so where was the covenant healing?

What we didn't know was that God had sent us to Kantamiravskaya for a divine appointment. The landlord was a leading neurologist in Moscow who specialized in petit mal epilepsy! She treated Liza, ran tests for free, and made weekly home visits. Plus, we led her, her husband and her son to the Lord! She introduced Liza to a homeopathic medicine and decreased her pharmaceutical to the lowest level possible. Liza went from the bottom of her class to the top! The dull, foggy look was gone!

Tim continued to struggle with the question of why God wasn't healing our daughter. God spoke to Tim during a time of desperation. God told Tim that when Liza came to him saying she didn't need her medicine anymore, he would know that He had healed her.

During Liza's ninth year we began to pray over Liza's brain each night; praying for healing over the electrical connections. When Liza turned 10, she came to her dad one day—not me, but Tim—and said, "Dad, I don't think I need my medicine anymore!" Liza was unaware of what God had spoken to Tim years before and now her five-year struggle was over. Tim cried in thanksgiving and relief for Liza. She has not had one seizure since that day!

"It will be healing to your body and refreshment to your bones." Proverbs 3:8 NASB

Pray for many divine appointments for missionaries around the world.

Pray for protection and health for missionaries' families, trusting the Father to meet every need.

Send a missionary a card, telling them you are praying for them today.

Day 10 † An Appointment with Destiny

Tim Lovelace - Asbest, Russia Yuri's wife arrived at her doorstep and began screaming, "There are Americans in my home!" A series of divine appointments had brought our ministry team to Yuri's doorstep after traveling two days in the dead of winter; but the city of Asbest was closed to foreigners.

We attended the church service. Afterward, the pastor introduced me to a young woman, Marina, who wanted my friend Emil and me to stay at her home. I was surprised by her request, but we agreed. Her husband, Vasili, arrived home late and was very upset that we were in his home. He operated an electric train 800 meters below ground in the asbestos mine, as his father did before him. His father was a very dedicated communist, and Vasili had dreamed of someday entering the KGB.

As we talked until early in the morning, Vasili and I began discussing our fathers. He told me of his disappointments with his father. I began to share about the difference in my Heavenly Father and that he could have a relationship with Him that would never disappoint. He began to weep and asked me how to meet this Heavenly Father. He became a new man in Christ at 4 AM! It was then that Marina began screaming and running around, acting crazy. She explained that the reason she wanted us to stay in her home was that she had had a dream a month before with me in it! She dreamed that an American missionary came to her church and led her husband to Christ. Now her dream had become reality! Today, Vasili is a pastor in Asbest, and his wife and children are all serving the Lord.

"Hear now My words: If there is a prophet among you, I the Lord, shall make Myself known to him in a vision. I shall speak with him in a dream."

Numbers 12:6 NASB

Pray for fruit that remains as missionaries reach out in supernatural ways and in unexpected places to carry the Gospel to the nations.

Pray for lasting fruit as missionaries face many hardships to take the Gospel into all the land.

Day II † Signs and Wonders and Miracles

Frank and Deborah Barnes 1999 - Guadalajara, Mexico As intern missionaries from 1998 to 2000 in Guadalajara, Mexico, we joined a team of missionaries who conducted tent crusades on a grand scale. In two years, we assisted with four crusades ministering to 80,000 people, saw 10,000 salvations, and personally oversaw the multi-cultural prayer tent ministering to several thousand. Many healings, deliverances, and relationship restorations took place; many were filled with the Holy Spirit.

No one understood exactly why, but the glory of God at the tent crusades manifested with gold dust falling from the ceiling, gold forming on people as we prayed, gold dental work, and a palpable presence of God that ministered the Father's love to His people. Gold fell on the saved and the unsaved. A local dentist attending the crusades examined the mouths of several Mexicans. He confirmed on video that the gold teeth restorations were impossible to replicate with present technology and were not standard restorations.

One day, a Mexican assistant at our leaders' Bible school had injured her ankle and showed up at the tent in a cast and in pain, looking for Frank. As he prayed for her, our team gathered in agreement. Instantly, the pain and swelling left; she was jumping with excitement and wanted to remove the cast immediately. We encouraged her to return to her doctor to confirm all was OK. She arrived the next day with no cast, no pain, no swelling, and walking normally. The doctor confirmed by X-ray there was no damage, and no need for the cast! We praised God for her healing and for the many signs and wonders following the preaching of the Good News at the tent.

*"Those who live at the ends of the Earth stand in awe of your wonders.
From where the sun rises to where it sets, you inspire shouts of joy."*

Psalm 65:8 NLT

*Pray for miracles to break out
across the globe as Christians
carry the Good News to the
unreached of every continent.*

*Pray for the Father to send
workers into the harvest fields
who walk in the power of the
Holy Spirit with miracles,
breakthroughs, and salvations
following their work.*

Day 12 † Getting Out of the Boat

Nancy Lovelace 2000 - Jacksonville, Florida The financial warfare was like no other that we had ever experienced for the first six months after we moved to Jacksonville, Florida. We began to incur debt each month we were here. Tim was going to have to get a job because we were maxing out our credit limit. We had moved, accepting the position of Vice President of Ministries at the Go To Nations World Headquarters, in faith and our support was only 25% of what we needed. Within a month God supplied a part-time job for Tim. He would be making \$50 per hour for 20 hours a week doing I.T. work. Just what we needed to pull us through!

Six months later, Tim was miserable as God was posing the question, “Are you going to get out of the boat, Son, and walk on water or are you going to stay in the boat?” Tim knew he had to quit his job and trust God for our support, which was still only 25% funded.

We knew we had to press in and possess our provision. We began to fast and war in prayer over our finances. Within the first month, we had a breakthrough. God spoke to someone in the night to pay off all of our debt. Miraculously, \$30,000 was paid off in less than six months. The same couple started supporting us with \$2,000 per month, and Tim’s former employer started supporting us with \$1,000 per month. Only God could do this.

Since 2008, our support has fluctuated 10-25% less per year; however, God has continued to meet all of our needs. We gladly walk in the center of God’s will as missionaries with Go To Nations. We give all the glory to Jesus, our King, who is also known as Jehovah-Jireh, our Provider!

Pray for full funding and provision for missionaries and their projects.

Support a missionary with prayer and monthly support so that many laborers may be sent into the harvest fields.

*“Trust in the Lord with
all your heart, and do
not lean on your own
understanding.”
Proverbs 3:5 ESV*

Day 13 † Provision of Safe Drinking Water

Pam Boyi Dagwom - Jos, Nigeria Bayan Dutse community in Nasarawa State is one of many villages where most of the dwellers are subsistence farmers. In most of these villages the work of Calvary International Africa suffers due to lack of water, poor roads, lack of medical care, schools, electricity, and shelter.

Providing safe and clean drinking water to this community is the ONLY sure way to prevent bacterial infection that causes Bilharzia, Schistosomiasis, River Blindness, and other related waterborne diseases. Before our intervention this had resulted in the death of many people—mostly children—and in some cases victims are left in a state of permanent disability. The Borehole has reduced the plight of women and teenage girls who travel long distances daily to open water sources to collect water for cooking, washing, and bathing. This water is usually contaminated as animals also drink from the same sources. Contamination is said to be the number one water problem in developing countries.

It is well-said that water is life, and he who gives you water gives you life. This Borehole will serve as a landmark of the GOSPEL in this community and beyond as it reminds us of the water of life which Jesus gave the Samaritan woman as seen in John Chapter Four. And, which he still gives today.

This Motorized Borehole is a practical way of showing God's love and care to humanity. It has inspired and motivated the members of this community to love one another and be united more than ever before. The joy of this people and village knows no bound, more so that they are directly involved in the day-to-day management of it.

“Thus says the Lord, ‘I have purified these waters; there shall not be from there death or unfruitfulness any longer.’”
2 Kings 2:21 NASB

Day 14 † Orphanage in Our Hands

Ken and Cris Sandberg 2006 - Davao City, Philippines It was in 1994, while washing dishes in Canada, that Cris heard the Father tell her, “Someday you are going to have an orphanage.” Cris and I put this thought on the shelf and returned to the mission field in 1995 to pioneer Calvary Bible Institute in Davao City, Philippines.

In 2006, Cris was beginning to wonder if we were disobeying God by not looking into an orphanage. It was stirring inside her. As we researched it we realized we would need a foundation, many permits, staffing, a building, and children. It was a huge task requiring a huge budget we didn’t have. We agreed that God would have to do it, but we were willing to do our part.

A little while later, the Bollants, who founded Living Stones Orphanage in 1999, approached me and asked if we would consider taking over their orphanage. They needed to find new leadership or close it. Over the next year, we transitioned into leadership of Living Stones Orphanage. I became President of the existing foundation. Cris became the new Executive Director of the orphanage. In fact, Living Stones was already licensed to have its children adopted both locally and internationally. Most of the staff of the home were retained, and a few of those workers are still with us today. God dropped an established orphanage into our hands. About that huge budget—every year many people stepped up and gave generously and the bills have been paid every month. God’s word to Cris in 1994 had fully come to pass by 2007! God honored willing hearts.

“Pure and genuine religion in the sight of God the Father means caring for orphans and widows in their distress...”

James 1:27 NLT

Pray for missionaries to hear the voice of the Lord as He directs their ministry and for many divine encounters and miracles of provision to surround them.

Pray for the global church to have willing hearts to reach out to the world and see God open doors supernaturally to complete His purposes around the world.

Day 15 † Saving Kids at Risk

Ken and Cris Sandberg 2009 - Davao City, Philippines

In 2007, we transitioned into leadership of Living Stones Orphanage, when the founders left the mission field.

Living Stones Orphanage has a wonderful team of compassionate workers caring for children at risk. We are saving lives! Scores of children have been adopted; kids in dire circumstances, kids no one wanted, kids whose lives were at risk.

Raven was a three-year-old boy who lived in a terribly poor neighborhood, a “squatter” area, in Davao City. He was severely malnourished and had been burned with cigarettes by one of his parents. After being rescued and spending a week in a Davao hospital, Raven was admitted at Living Stones Orphanage in November 2009. He did not like to be touched or hugged. However, he did like to eat! As the months went by, he put on weight. He realized he was in a safe, loving environment and blossomed under the tender care of Cris and our workers. Over time, he became the most joyful boy in the home. The change was astounding! Raven was adopted by a loving couple from Canada in January 2012 at the age of five and a half. He is thriving in his new home. Raven’s miracle is complete.

Pray for orphanages around the world, that loving and caring families find room in their hearts for rescuing these precious little ones.

Pray about extending a hand of love and blessing to these little ones at risk.

*“If you can’t feed a hundred people,
then feed just **One.**”* - Mother Theresa

“For I know the plans I have for you,” says the Lord. “They are plans for good and not for disaster, to give you a future and a hope.”
Jeremiah 29:II NLT

Day 16 † The God Who Restores All That Was Lost

Steven Wheeler - Khon Kaen, Thailand When we met Peter, he was in prison for murder and had lost everything. His wife had divorced him, his daughter was being raised by relatives, and everything he owned was gone. He signed up for our Bible School in Khon Kaen, Thailand the week after he left prison. One day, he received a word from God that God would restore all that he had lost.

Peter contacted his relatives and arranged for supervised visits with his daughter. After some time, they recognized he was “changed” and allowed him to take his daughter to church. That was a miracle of favor since the relatives were strict Buddhists. His daughter met Jesus, was filled with the Holy Spirit, and was baptized. She became a core church member.

One day while visiting his relatives, Peter’s grandmother called for him. “I hear that you serve the Living God, do you think your God can heal me of this blindness?” she asked. He laid hands on her and prayed for healing for her. When he was finished, she was able to see light for the first time!

Peter remarried after a couple of years and asked us to pray for them to have a family, which we did. He gained his daughter, a wife, and restoration within his family in a matter of three years after the Father promised full restoration. In addition, God touched his family with a healing miracle.

“And I will restore to you the years...and ye shall be satisfied and praise the name of the Lord your God, that hath dealt wondrously with you: and my people shall never be ashamed.” Joel 2:25-26

Pray for many restored lives as God moves with salvation and miracles in the nations.

Ask the Lord for good seeds of restoration and miracles to flow from the Bible School leaders trained in Asia.

Pray for God to restore many lives in the Asia Pacific region and to grant favor with the lost.

Day 17 † Divine Revelation Marks History in Asia

Craig Kuehn 2012 - Luzon, Philippines As we began our second day of “Global Pathway” training in May of 2012, it was electric in the room. You could hear the buzz. You could see it in the eyes of the 20-somethings. More than just inspiration and the “what and why” of missions, someone was showing them the “how!” Someone was telling the Filipino church leadership it was their time. They could do it, and we would help them do it. They were about to explode as the divine revelation hit them.

At the break, a large group of men and women circled their chairs in the back of the hall. A very lively discussion was taking place about how to form a coalition of Great Commission Churches! Wow! We are convinced that every nation is called to not only receive missionaries, but to be senders as well. God has given us a mandate to do our part in seeing the Filipino church mobilized to start sending, supporting, and sustaining Filipino missionaries; especially in Asia, where we have the largest, and least reached, nations in the world.

We cancelled our second session and let them continue. It was a Holy Moment. History may record this day when a handful of churches met together, inspired to see the “one mission” Christ gave us brought to completion. This may be the group that takes the lead in the next generation. After 21 years of mobilizing in this nation, we may have just seen the spark that ignites a Great Commission movement.

Pray for national churches to catch the vision of partaking in the Great Commission mandate.

Ask the Father for provision and for vision to ignite national churches to send laborers into the harvest.

*“For in it the righteousness of God is revealed from faith to faith; as it is written, ‘But the righteous man shall live by faith.’”
Romans 1:17 NASB*

Day 18 † All My Dreams and Hope Restored

Craig Kuehn 2013 - Chiang Rai, Thailand *Menchie Mendez is a Filipino Volunteer missionary with our Go To Nations Thailand team. Her service in Thailand is a direct result of Global Pathway training in the Bicol region. She writes in an unedited email to me:*

At the age of 15 years old my mother died because she got a goiter toxic and heart attacked. I stand as a mother to my 2 sisters when she died. My father leave us so he can worked to manila so we live to my auntie's house where we experienced hardships, sometimes we don't eat and sleep outside the house. All my dreams and Hope has gone because of our situations. In a very difficult situation, where we experienced rejection Jesus came into our life I received Him as my Lord and Savior from that moment, all my dreams and hope was restored by the Lord. When I experienced to be with the fellow church members, and workers and foreign missionaries who visited in our local church and we went to the mountain in "ita's tribe little by little in my heart I want to become a missionary because i seen what sacrifices they did for mission and i encourage for what they did in mission, but sad to say my Pastor discourage me. He told me that i don't have money, how can I go to other countries. and my relatives was against in they laughed at me because they said i'm crazy. Since then I decided to go to bible school by faith so that i will hoping that after i finish my study in bible school i will become a missionary. i worked in a bible school as all around helper so that

i will become one of their student. My life in the bible school is not easy and i work also as a cook sometimes but many times I don't eat because I don't have money to pay for my food but I trust the lord that He is able to change my situation and I experienced to have a goiter like my mother when i'm in the bible school but God Healed me. In spite of my situation I decided and determined to become a missionary. During my Graduation in bible school I ask the Lord, what is His purpose in my life.

*"And we know that all things work together for good to them that love God, to them who are the called according to his purpose."
Romans 8:28*

Day 19 † Where This Is My Heart Beat

Craig Kuehn 2013 - Chaing Rai, Thailand *Menchie Mendez continues:* One night, I had a dream and through this dream I saw that i am teaching in a tribal children and I saw the word THAILAND. I asked the Lord How can I go there its to far and I was thinking about my 2 sisters because they study also in the bible school, but stay with one of my relatives. Pastor gave me a cell phone no. of Ptr. Edwin Villagomez, was interested for mission and Pastor Edwin involve in mission works so I call to Ptr. Edwin and talk to him.aside from that when i get his address I decided to go in their house so that i can talk to him personally but i don't have money to go there, so I prayed to God to provided my needs the Lord granted my prayer but my money is not enough to go in Ptr. Edwin place but God's grace and God's favor I met my friend in town where ptr.Edwin house is very near so she gave me a money to go to house of Ptr. Edwin. When Ptr. Edwin and I meet each other He discuss about the 5 Nation Mission trip and told me that they a mission in vietnam, cambodia, mayanmar, laos and thailand, when I heard the Nation Thailand I was amazed because I remember my dream and they offerred me to go with them. COPA church members and workers supported me to go in # nations and when we arrived in thailand I met Ptr. Ariel And Ptr. Paz that very moment I was really amazed by the mighty works of the Lord because I find myself working with the missionaries (where this is my heart beat) and they inspired and encourage me to pursue my dreams and now I am under training and involve in AMO FOUNDATION. What i saw in my dreams that I am teaching in a tribe children is now my ministry in AKHA tribe here in thailand. That's why I am very much thankful to the LOrd for His Faithfulness, Indeed , God is able to perform His Plan upon my Life.

"This vision is for a future time. It describes the end, and it will be fulfilled. If it seems slow in coming, wait patiently, for it will surely take place. It will not be delayed."

Habakkuk 2:3 TRANSLATION

God bless you Pastor Craig.

Pray that God's purposes will be realized in the lives of nationals and that churches will unite to reach the lost.

Pray for God's divine direction and provision for our next generation of national believers.

Day 20 † The God Who Does the Impossible

Natalie Mattes 2014 - Iloilo City, Philippines As we entered Gerald's home in Iloilo City, Philippines, my friend and I saw that he was gravely ill. After four operations on their eldest son's leg, his parents had no money for doctors, so Gerald would receive no more care at the hospital or clinic. His fever had spiked sky high, he was vomiting, and the wounds on his leg were badly infected. Our team had befriended the family, and I had led the mother to Christ after her daughter passed away from "water on the brain." We prayed for them and suggested they take Gerald to the hospital immediately, but they knew they could not go.

The next day I returned with a friend who spoke Tagalog. As soon as we began to pray, the fever began to break, the pain lessened, and the infection began to run out of the wounds. When Gerald shared that his back also hurt, we prayed for it as well, and his legs "grew" to the same length. The pain disappeared. My friend began to speak to Gerald's parents about their grief and anger toward God for "letting their daughter die." Tears ran down their faces, and I believe they received healing in their hearts. Gerald began to heal from that day forward. He retrieved a small piece of bone from one open wound and his leg healed completely closed. Now at sixteen years old and his whole life ahead of him, he walks and runs normally. Every time we visit, his mother gives God the glory for "doing the impossible" in Gerald's life.

"Then Your light shall break forth like the morning, Your healing shall spring forth speedily, And your righteousness shall go before you; The glory of the Lord shall be your rear guard." Isaiah 58:8 NKJV

Pray for open doors to reach the lost and to move in miracles as God "does the impossible" in the nations.

Pray for our missionaries as they become God's hand extended in the harvest fields.

How can you reach out to the nations and be a part of a miracle in someone's life?

Day 21 † Fear Not, Only Believe

Natalie Mattes 2013 - Iloilo City, Philippines Two days before our Medical Missions outreach for the 2013 Asia Timothy Intern Project (TIP) in Iloilo, Philippines, I had hit a wall. As the Outreach Director, I was dreaming big. I had invited 1,000 people to come to the clinic; three times more than the past outreaches. However, every effort to recruit doctors had been unfruitful. I had two doctors, needed 20, and one had just cancelled! The mission looked dead.

On my face, crying out to the Lord, He reminded me of the story of Jesus and Jairus' daughter. Although the medical mission looked impossible, I was to “fear not, only believe” for its “resurrection.” As I shared my heart with the interns, we agreed together that, if the Father had provided only one doctor, then He had plans to heal a lot of people supernaturally. We would not cancel! Instead, we placed the prayer room ahead of the doctors' staging area, believing that God could move in miracles to meet the needs of the people.

The next day four doctors contacted us wanting to help. On the morning of the outreach, seven more showed up! In two months, I had recruited two physicians—in two days, our Heavenly Father provided eleven more. Rejoicing and amazed by God's goodness, we treated nearly 500 people that day. People were given vitamins and medicine for their bodies. But more importantly, they encountered God that day. Each one was given a Bible in their own language and prayed for. In Jesus' name, we saw many people healed that day—both in body and in spirit. God granted us favor and poured out His healing power. “God is faithful.”

Pray for the Lord to provide for every detail as our missionaries reach out to the lost in Asia.

God's provision pours out when we step out in faith to reach the lost and hurting in the nations.

“This is the confidence which we have before Him, that, if we ask anything according to His will, He hears us...and we will have the requests which we have asked of Him.”

1 John 5:14-15 NASB

Day 22 † Like Loaves and Fishes

Nate and Abegail Shuck 2013-2014 - Philippines “I see God doing miracles in multiplication that will not make sense. God is going to do this to break the mindsets of the poor people you work with, to show them that He can supply no matter what.” We received this word during the Philippines Annual Missionary Team meeting in October 2013. We had no idea what was coming.

In November of 2013, Typhoon Haiyan hit the Philippines with incredible force, displacing millions of people and devastating tens of thousands of square miles. Our team in Iloilo responded immediately to those on the island of Panay. In partnership with Iloilo City churches and Convoy of Hope, we saw amazing miracles of multiplication. Some mornings all the supplies were delivered and depleted, but by afternoon, God would restock the supplies for several thousand more families.

After Haiyan, water became a dire need. We attended Water Step International’s water chlorination training. Advertising one, they gave us five complete systems valued at \$18,000. They supplied us with not only the water chlorination system, but 500-gallon portable water tanks, military-grade foldable solar panels and pumps, and everything needed to be set up and distributing water in thirty minutes. With \$50 Sawyer Water Filters, we ordered ten—they provided them free, plus five more came later. A week later, a pastor donated 525 more Sawyer filters for our work near the City Dump. That was a total of \$27,000 worth of individual water filtration units!

In January 2014, we checked out Tom’s Shoes’ One-for-One program. This same pastor donated 240 pairs of shoes for our City Dump outreach with a retail value of \$9,600! Truly, we serve a God who does miracles, a God who multiplies what’s in our hands, just like the loaves and fishes.

“But my God shall supply all your needs according to His riches in glory by Christ Jesus.” Philippians 4:19

Pray for missionaries across the globe to see God’s provision for everything they need to reach the lost, needy, and hurting world.

Like Jesus’ loaves and fishes, pray that the Father would multiply everything put into missionaries’ hands for His glory and for the good of a needy world.

Like the Iloilo churches, ask the Father how you might be used in a miracle of multiplication to meet the needs of the poor, the devastated, and the lost across the regions of the globe.

Day 23 † Ten Days to Raise \$3,500

Claudia Tolar 2013 - Jacksonville, Florida “Help Claudia Tolar Raise \$3,500.00 in 10 Days to Go to ‘The 2013 Jerusalem Holy Convocation,’” my FaceBook Event read. Raw faith has a way of looking like pure insanity sometimes. However, between royal favor, Go To Nations’ strategic guidance and an army of intercessors, \$4,000 came in miraculously!

With Heaven-on-Earth unity atop the Mount of Olives, 1,900 delegates from approximately 160 nations gathered for two weeks of prophetic intercession, worship, Word, training and national reports during The Jewish Fall Feasts. “The Way for The King of Glory” was being prepared. Non-stop global intercession resounded from the Prayer Tower at the top of the Ramat Rachel Convocation Center in Jerusalem.

It was a gargantuan leap of faith for a brand new missionary without support. I’m living proof—God can make a way where there is no way, with drastically short timelines! Five days before departure, catastrophic symptoms slammed my body; Satan’s best effort to sabotage. God healed me, and I climbed the Israeli hillside triumphantly to prophesy at the Syrian/Israeli border.

Angelic armies kept us, as we worshiped and danced the nights away, celebrating, crushing Satan under our feet, in Jesus’ name. The world watched with the news that God’s Holy City was on military alert. In the Holy Spirit, we co-labored with God, aligning strategically to Heaven’s heart. Unity between Israel and the body of Messiah worldwide was strengthened. Mission accomplished!

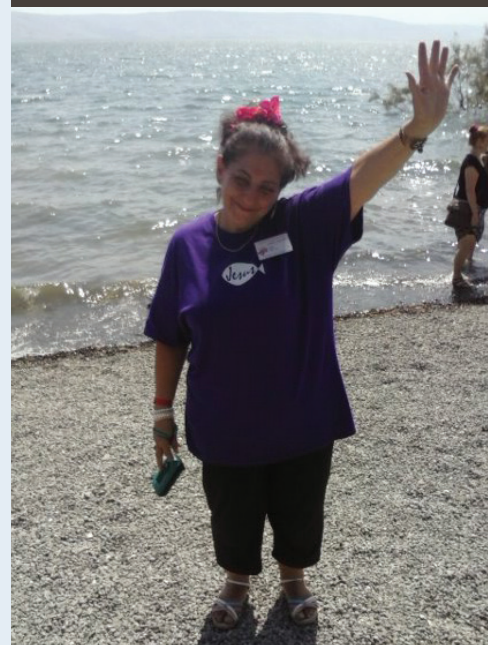

“Now to Him who is able to do immeasurably more than all we ask or imagine, according to His power that is at work within us.”

Ephesians 3:20 NASB

Pray about joining global intercessors to pray for salvation of the Jews and the global harvest to undergird the Great Commission.

Pray for the global harvest. Pray that the King of Glory will send laborers to change the destiny of nations and align hearts with His purposes.

Consider how you might help a missionary take a short-term trip to impact the harvest around the globe.

Day 24 † Planting Seeds of Hope

Yolanda Ortega 2013 - Chiang Rai, Thailand On the last night of our joint Go To Nations-Youth With A Mission outreach, we prayed quietly under our breath as we entered the bar in Thailand. We held flowers in our hands to bless the young girls who worked there. Often sold to the bar owners to support their families back home, these girls have no support system and no options. We had visited them earlier that week to make friends, so on that night, we handed each one a flower to show our friendship. Most of the girls smiled, although a few didn't know how to respond. The bar owner, touched by our act of love for the women, invited us back. That night God showed me that the men at the bar were in as much despair as the women working there.

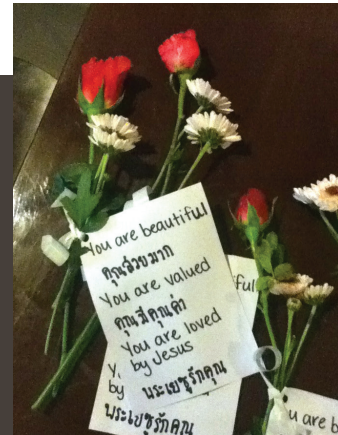

At the end of the night, we approached a massage parlor where they are very strict with who goes in. We used our flowers as a reason to be there. The manager allowed us to go behind the display, where women were waiting to be picked by their number, to give them the flowers personally! Although I was not conversational in Thai yet, boldness overpowered me. I talked with the women about why we were there. We gave out all of the flowers. Some were very excited to get their flowers, but some didn't seem too impressed. Seeds of hope fall on all kinds of soil. On our way out, the manager reluctantly gave us his permission to return to bless the girls. I was awed by the divine favor extended to us to enter some of the darkest places as God's light to reach the hearts of men and women.

*"For it is You who blesses the righteous man, O Lord, You surround him with favor as with a shield."
Psalm 5:12 NASB*

Pray for the victims of sex trade and for divine favor and strategies to rescue them from darkness.

Pray for missionaries who are planting seeds of hope to those caught in the sex trade around the globe.

Pray for favor and protection as missionaries reach the darkest places to bring light and hope.

Day 25 † Fasting for Favor

Ariel and Paz Acuna 2013 - Chiang Rai, Thailand We were setting up our Asian Mission Outreach Foundation (AMO) in the Chiang Rai City (province) of Thailand and knew we needed centrally located offices. We began our search for inexpensive office space in September of 2012, yet six months later, nothing had been found. The costs for downtown office space was staggering: 50,000 to 60,000 Thai Baht (or about \$2,000) per month! We needed a miracle! Office space outside of the city was 14,000-16,000 Baht per month. Meanwhile, we submitted our registration for the AMO Foundation to the local and national offices. In January 2013, we were told that the paperwork had disappeared. We began to fast and pray. God moved and the papers showed up quickly. As soon as the vice governor heard of the situation, he approved and signed the papers! Such great favor!

Still, we needed that office space. The team decided to caravan around the city, praying over the province, and “redeeming the land for Christ” during the first week of February 2013. We prayed for God’s leading and favor for exactly what we needed. Two weeks later, God provided us with a four-story office building for 6,500 Baht (\$220) per month—about one tenth the usual price! Our Foundation registration was completed on March 7, 2013. God gave us the facility we needed, with the budget we needed, and the favor we needed—exactly when we needed it.

“Let the favor of the Lord our God be upon us; and confirm for us the work of our hands; yes, confirm the work of our hands.”

Psalm 90:17 NASB

Join us in praying for missionaries to have favor with governments around the world.

Pray with us for favor and funding for projects for every missionary.

Day 26 † Yacouba's Healing

Kate Royal and Abigail Bellah 2013 - Ouagadougou, Burkina

Faso One day, Yacouba seemed completely fine, the next day he wasn't. A regular at our "Kid's of Hope" outreaches in Ouagadougou, Burkina Faso, he played soccer with the boys and attended our Bible study and crafts outreach weekly. Sometimes he slept at our center, sometimes he didn't. How he found his way to us on this day in February of 2013, I do not know. He was limp and nearly unconscious. We rushed him to the hospital on our motorcycle, balanced between two people, and handed him to the medical staff. Encephalitis. It is usually a death sentence here, the doctors told us. We released him to God and began to pray. By day two, he was paralyzed on his right side.

During 23 days at the hospital, we pieced together Yacouba's story. Typical of so many abandoned street children, Yacouba had been taken in by a religious "Marabou" and sent to the street to beg for his daily upkeep. He ran away, walking 150 hot and dusty miles across the desert to Ouaga, where he found us.

As he struggled for his life, we asked the Father if he was still in the business of looking out for the oppressed, the forgotten, the runaways. Yacouba was his answer. As the doctors gave him four antibiotics, we prayed for his life; we spoke healing over him, believing he would return to us to play football (soccer) again. On that wonderful winter day, Yacouba walked back into our center, and the boys gave him such a grand welcome! As he kicked a soccer ball around, we rejoiced in God's goodness to all of us!

Pray for laborers for Burkina Faso to meet the growing need in the harvest fields of Africa.

Pray for abundant resources as missionaries reach out to the forgotten, the dispossessed, and the runaways of Africa.

*"The Lord's lovingkindness indeed never ceases, for His compassions never fail. They are new every morning; Great is Your faithfulness."
Lamentations 3:22-23 NASB*

Day 27 † God's Heart to Really "See"

Christa McCartney 2013 - Ouagadougou, Burkina Faso

Our team led a short-term mission group doing children's ministry outreach in Ouagadougou, Burkina Faso. I was approaching kids and moms to gather them together for our Gospel presentation. One mom told me her baby was "sick," so I said a quick prayer and went on my way. Gently, the Holy Spirit prompted me to return. I sat down and really looked at her baby for a few moments. Baby Boukary was burning with fever and not moving. He could not keep down his medicine and had been ill for weeks. I consulted with a nurse in our short-term team and we took the baby to the hospital for medical attention.

Baby Boukary's mom waited for weeks for him to be well. While other babies went home, he remained at the hospital. Members of our team paid the medical bills for him. Eventually he was released. God healed him and saved his life. His family realized that God arranged a divine appointment for Baby Boukary on the day of our outreach. His mother and siblings are now Christians and attend the local church. Compassion at a divine appointment won their hearts for Christ and saved their son. Boukary is completely healed and is a happy two-year-old boy today because we "saw" him.

How can we help a missionary be God's hand extended to the poor and hopeless around the world?

"She gave this name to the Lord who spoke to her: 'You are the God who sees me,' for she said, 'I have now seen the One who sees me.' That is why the well was called Beer Lahai Roi. . ."

Genesis 16:13-14 NIV

Pray for the Father to help us to really "see" the needy and the lost in the harvest fields.

Pray for more divine appointments to meet the needs and reach the lost in the harvest fields.

Day 28 † Redeemed from Suicide

Joel and Heidi Hayslip 2013 - Burkina Faso, West Africa At our Ble-Wara outreach in 2013, during the altar call for healing, a woman came forward who taught at the village school. She had been brought up in church but due to hypocrisy among Christian youth, she had run away with a Muslim man and had two children by him. The mother and local witch doctor had collaborated to turn the son's heart against the woman and her children, so she had left him. Separated for two years, she decided that week that she would take the children to live with him, and then kill herself.

After she told her story, Pastor Cephas said to her, "You are a sinful and rebellious woman, and you've been running away from God. If you give away your children, you yourself will be destroyed. But if you keep your children and raise them in the fear of the Lord, you yourself will be saved."

The woman said, "You're a prophet!" She said three days earlier she had a vision of herself doing well and then descending into a dark and sad village. Suddenly, a bright light shone and filled the whole village with light, and a man in white told her, "If you will obey, you will see the glory of God." She knew what it meant. Jesus was speaking to her. After prayer, the sickness she felt disappeared. Hopelessness and sin had made her physically sick. God removed it and filled her with hope.

The next morning, instead of committing suicide, she shared the message of Jesus with the school children and told them what God did for her. All 52 children gave their lives to Christ because of her.

"Therefore bear fruit in keeping with repentance." Matthew 3:8 NASB

Pray for many more laborers to go to the unreached people groups, carrying a message of hope to sad and broken people.

Day 29 † Signs and Wonders

Sheila and Chris Conley 2013 - Burkina Faso, West Africa While in Burkina Faso, West Africa, we conducted a three-day pastor's conference on Healing and Deliverance. 150 pastors attended the morning training sessions. Forty of those pastors traveled from far distances with just the clothes on their backs and slept on the floor of our ministry center. We awoke before sunrise each morning to great songs of praise echoing through the center as the pastors prepared their hearts for the conference.

Each evening, our team divided the pastors into groups and held services in local churches around the city of Ouagadougou. 2,283 people attended these services during the three evenings. There were 29 salvations and many sought the Lord for emotional and physical healing.

Following worship one evening, the guitar player shared that he had lost his hearing in his left ear. When Chris was encouraging the people's faith to believe that Jesus could heal them and leading them to confess their healing, his hearing was restored! Numerous others in the same service suffering with malaria were also healed! While the pastors were praying for everyone, a young boy came up who was mute. He was prayed for and then told to repeat a phrase of praise to the Lord. He worked hard to put the words together and repeat after the pastors. Ministry continued for hours and, as we were saying our goodbyes and gathering in the taxis, the boy ran out of the church to tell us "goodbye" in perfectly enunciated English. We praised the Lord that his tongue was loosed and he was able to speak!

"But for you who fear My name, the sun of righteousness will rise with healing in its wings..."

Malachi 4:2 NASB

Pray that signs and wonders will follow the ministry of missionaries and pastors around the world.

Pray for God's covenant of salvation and healing to be preached to every unreached people group in our generation.

Pray that reaching out in faith for healing may open many doors to hearts in the unreached areas of the world and that many might be saved by the Good News of God's grace.

Day 30 † One Encounter with God Changed Everything

Wyly and Candace Gammon 2013 - Choloma, Honduras In our beautiful private school for the poorest children, Escuela Cristiana Nuevo Destino in Choloma, Honduras, we had a third grader whose grades were dropping and who was missing a lot of school. She seemed to lack any motivation and would not do her homework. She shared with her teacher that her mother believed she was “slow” and should not be in school, but should be selling in the streets.

We took her into the office to see our administrator, Mrs. Fatima Bravo, to talk with her about what was happening. Mrs. Bravo asked this young girl if she would pray with her. She asked the Lord to show the girl what was going on. The girl saw a “word picture” in her mind of a wall that was all stained. Mrs. Bravo said, “Let’s ask God to tell us what to say.” After the prayer the girl said that the Lord did not want her to say anything. The girl heard God say to “raise her hands up in praise,” and when she did, she saw the wall fall. Beyond the wall, she saw the throne of God, and He was there. Mrs. Bravo said, “Let’s ask God if He thinks you are slow.” When she asked Him, the Lord said, “No, you are very intelligent.” This word from Heaven released her from all wrong thinking about herself. She began attending school regularly, doing her work faithfully, and her grades improved. One year later she is a settled and good student! Her family lives on less than \$2 per day and is in the lowest poverty level yet she has become rich. ONE encounter with God changed everything.

Pray for children around the world to encounter God in a real way so hearts and minds can be set free to serve Him.

Pray for Christian educators around the world to remain sensitive to reach young hearts with the message of God’s love for them.

*“O praise the Lord, all ye nations: praise Him, all ye people.”
Psalm 117:1*

Day 31 † Word of *One Miracle, One Savior* Spread from Hut to Hut

Bob and Kim Whitlock 2010 - Kaprada, India Our team abandoned our cars and walked the final 19 kilometers to reach the mud huts lining the perimeter of the remote tribal village, Kaprada. During our food and evangelism outreach to an unreached people group living on top of a nearby high mountain, only two elderly widows of the Varli tribe prayed to receive Christ that day. We left a bit downhearted.

During the next year, we mentored the widows, who sold vegetables and witnessed about Jesus regularly with no salvations. One day the two women saw a dirty, young girl who was crying. She had matted hair, and a skin disease covered most of her body. They stopped her and asked what was wrong. Her father had died. She and her mother were starving, so she went to the people to ask for work. No one would allow her near them because of her disease. The widows explained that Jesus had the power to heal her skin disease, if she believed in Him, the One True God. The young girl prayed to receive Christ and asked Him to heal her. Afterwards, the widows laid hands on the girl and prayed for God to heal her skin disease. The girl's skin changed before their eyes to beautiful, healthy skin. She ran home to show her mother.

Word of One Miracle, One Savior spread as the girl went from hut to hut to ask for work the next day. She shared how the powerful God named Jesus had healed her. People began receiving Christ in large numbers. Within a few short months, the entire village was Christian! Today in Kaprada, you will be greeted with, "Praise the Lord," because, after all, that is how all Christians greet each other in India!

"For God loved the world so much that he gave his one and only Son, so that everyone who believes in him will not perish but have eternal life."

John 3:16 NLT

Pray for missionaries to reach unreached people groups with courage, resources and the anointing to see signs and wonders follow their ministries.

Pray for missionaries' work in remote areas, that they will see much fruit that remains.

Do you want to have a significant role in advancing the Kingdom of God until every tribe, every tongue, and every nation has heard?

One Miracle, One Savior

This 31-day journey around the world, if blanketed with prayer, will be faith-building and life-changing. Each day you will see His faithfulness unfold as Go To Nations missionaries from the Americas, Eurasia, Asia Pacific and Africa share a day in the life on a foreign field. Sharing their stories are:

<i>Sandra Barfield</i>	Vice President of Mobilization
<i>Bob and Kim Whitlock</i>	Business as Mission missionaries to India
<i>Janet Meyers</i>	Special Assistant to Mobilization
<i>Dr. George Meyers</i>	Served as Senior Vice President until his passing in August of 2013
<i>Dr. Jerry Williamson</i>	President, missionary statesman, and author of <i>Global Pathway</i> and <i>The Pulse of a Nation</i>
<i>Frank and Deborah Barnes</i>	Directors of Global Prayer
<i>Tim and Nancy Lovelace</i>	Vice President of Ministries - Tim serves as CEO of GloDev, Go To Nations' Relief and Development arm in 2013
