

CASE STATEMENT SUMMARY

2023 UPDATE | Based on 2022 Global Impact Summary

MISSION STATEMENT & VISION

Our mission is to go to nations with the Gospel of Jesus Christ until every tribe, every tongue, every nation has heard.

Go To Nations initiates and accelerates missions ministry on a global scale to bring completion to the Great Commission.

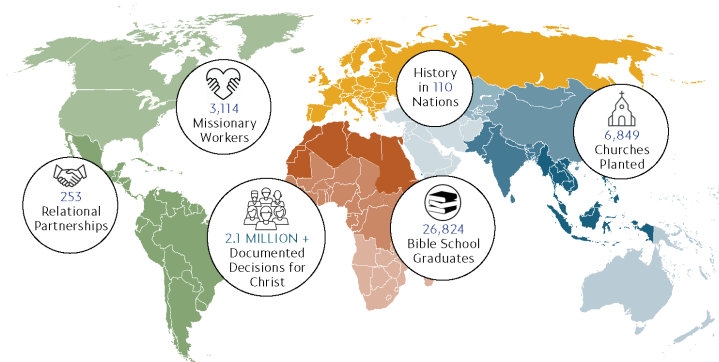

With billions still unreached, thousands of missionaries are needed to be launched into the harvest. By increasing our capacity on multiple strategic levels, our ability to mobilize, train, equip, and empower more missionaries will grow exponentially -- multiplying our impact locally, domestically, and worldwide.

ORGANIZATIONAL HISTORY

Celebrating 42 years of experience as a missions agency, Go To Nations has been mobilizing and serving the Church worldwide since 1981. Year after year, we continue to see tens of thousands of lives won to Christ, hundreds of thousands of people receive ministry, hundreds graduate from Bible schools, thousands of leaders trained and discipled, and thousands of churches planted and engaged in the Great Commission.

ORGANIZATIONAL ASSETS

- Accredited by the Evangelical Council for Financial Accountability since 1998.

Over our years of ministry, a total of 26,824 students have graduated from Bible schools, with Great Commission workers actively engaging eight of the least-reached nations in the world.

NEED & OPPORTUNITY

Go To Nations is strategically focused:

- Over 3 billion people have not heard the life-transforming message of the gospel.
Go To Nations has seen over 2.1 million people come to Christ by equipping and training missionaries, church leaders, and nationals while cultivating strong leaders worldwide.
- 640 million children are without adequate shelter (1 in 3). 800 million people worldwide do not have enough food to eat. 780 million people do not have access to safe drinking water.
Go To Nations missionaries are transforming communities through education and literacy and by providing economic empowerment for thousands of families -- lifting them from poverty and providing training for sustainable development. To date, 1,184,804 at-risk children have been ministered to through our missionaries.
